It was very similar, and he determined to try them. He commenced taking Pink Pills, and soon felt better, the pains became less violent, with longer intervals between them. He felt encouraged, and persevered in their use, and soon became able to work on the farm, and in April or May he felt

Mr. Pennell keeps a box of the pills in his home and whenever he feels a pain or a little unwell takes a pill or two and is soon all right again.

He says he doesn't know what Pink Pills will do for others, but he does know that they have cured him of what physicians had said was acute rheumatism when three doctors had failed to do him any permanent good. Some of his neighbors also, he says, have been greatly benefited by using Pink Pills, and one says he cannot afford to keep a box in the house as his whole family want to take them on all occasions. They make them feel so much better, and

An analysis of Dr. Williams' Pink Pills shows that they are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus's dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of la grippe, palpitation of the heart, pale and sallow countenances, all forms of weakness either in male or female.
